Notes

'BVOD Metro' and 'BVOD Regional' audience '000s represent VPM viewing allocated to the respective TAM service markets. The sum of these will differ slightly from 'BVOD National' '000s reported within VOZ, to account for BVOD viewing in overlap markets and outside of Regional and Metro TAM coverage areas.

VOZ 'Linear TV Metro' and 'Linear TV Regional' audience '000s reflect the audience to local content only (no spill viewing*). 'Linear TV National' includes spill viewing that was otherwise excluded from the 'Linear TV Metro' and 'Linear TV Regional' figures. This accounts for the difference between 'Linear TV National' and the sum of 'Linear TV Metro' and 'Linear TV Regional' in these reports.

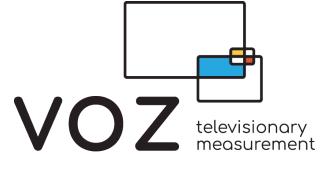

'Linear TV Regional' in VOZ also includes the new market, 'Rest of Australia' which means that 'Linear TV Regional' in VOZ will be different to 'Linear TV Regional' in TV currency.

*spill viewing is defined as either viewing to regional linear broadcast content if it originated from a nonregional market or viewing to metro linear broadcast content if it originated from a non-metro market.

VOZ is the foundation of Australia's Total TV reporting standard, bringing together broadcaster content viewed on TV sets (Linear TV) and connected devices (BVOD) to provide all-screen, cross-platform planning & reporting.

For more information on this report you can read the VOZ Guidelines and Frequently Asked Questions on our website **virtualoz.com.au**
