## Notes:

- The Virtual Australia (VOZ) service Total TV universe estimates (UEs) detail the estimated population by which VOZ Total TV audiences are calculated.
- VOZ Total TV UEs reflect the total Australian population including people in zero TV homes.
- VOZ Total TV UEs differ to the published OzTAM Metropolitan and Regional TAM service UEs which are based on 1+TV households.
- The addition of the VOZ Metro universe and the Regional universe will be greater than the National universe due to the overlapping market areas that contribute both to Metro and Regional.
