

# BROADCASTER CONTENT SOURCES EXPLAINED

VOZ Total TV measures viewing of network content on:

- Metropolitan free-to-air TV
- Regional free-to-air TV
- BVOD services
- Subscription TV

This includes viewing through the TV set (both live and played back up to 28 days later) and on connected devices such as connected TVs, computers, tablets and smartphones for these content sources.

|                                |                             |                                    |                                   |
