Notes

- The VOZ service Total TV All People universe estimates (UEs) detail the estimated population by which VOZ Total TV audiences are calculated.
- The addition of the VOZ Metro universe and the Regional universe will be greater than the National universe due to the overlapping market areas that contribute both to Metro and Regional.
- VOZ Total TV UEs reflect the total Australian population including people in zero TV homes which differs from the OzTAM and Regional TAM TV ratings service UEs which were based on 1+ TV households.
 - Broadcast TV Quarter Hour Files from VOZ continue to be based on 1+TV Households.
 - 1+ TV Household UEs are available here [Metro](#) and [Regional](#).
