Notes

Source:

VOZ 5.0 National Total TV

Total TV includes National Broadcast TV (including ‘spill’*) and National BVOD.

Cumulative reach totals:

Reporting ‘When Watched’** cumulative reach 1 minute (broadcast TV) and 15 secs (BVOD) for all networks (FTA + STV), 2am to 2am for the 7 days from, and including, the report date.

Broadcast TV reach includes viewers who may have also watched BVOD. BVOD reach includes viewers who may have also watched broadcast TV.

Program results:

- Reporting the Top 30 ‘What Watched’** Consolidated 7 program results by Primary Description ranked on National Total TV Reach, for programs 10 minutes in length or longer, based on final program log information for Free-to-Air (FTA) channels.
- Viewing to BVOD on demand content is aggregated to the related broadcast TV event that aired first (‘First Run’), for all viewing on the day of the ‘First Run’ broadcast, and also for the subsequent seven research days for Consolidated 7 results. Where BVOD on demand content made available on a research day prior to the research day of the related ‘First Run’ broadcast TV event, the viewing to the BVOD on demand content on those days is not aggregated to the broadcast TV ‘First Run’ Consolidation result.
- Where the same program is broadcast across more than one channel on the same network (e.g., simulcast across Primary and Multi channels), the audience estimates are summed.

* FTA Broadcast TV ‘Spill’ relates to viewing to broadcast channels transmitted from a market that is outside of the market being analysed. There are some metropolitan and regional markets that overlap. The viewing by people in an overlap area will contribute to the market that the broadcast originates from. The viewing in a non-overlap area to a broadcast from an adjacent market (‘spill viewing’) is excluded from that market. The National Total TV results in the VOZ reports includes ‘spill’ viewing that was otherwise excluded from local markets.

** **‘What Watched’** relates to measurement and reporting of viewing to broadcast TV content, whether live or in playback, attributed to the time of original broadcast. **‘When Watched’** refers to measurement and reporting of viewing to broadcaster content at the time it was viewed. Broadcast TV playback and VOD can be accumulated from content broadcast multiple weeks prior to the reference week.
